The Board of Education will attend the meetings with parents/guardians/community at-large. Officials from the Maryland Association of Boards of Education will ask for your input regarding the following questions:

- 1 "Tell us about the good things that are happening in the county"
- 2 "Tell us the skills, qualities and characteristics you want to see in the next superintendent"
- 3 "Tell us about any issues that a new superintendent needs to be aware of to be successful"

It is vitally important that we receive your input. The selection of the right superintendent to lead our school district is critically important for the future of our children.

After the community-wide and smaller group meetings are held, the Prince George's County Board of Education will establish a final profile of the traits and characteristics the Board will seek in a new superintendent. The Board of Education will complete the superintendent profile by the end of January.

Prince George's County Public Schools have made great academic progress over the last couple of years. Your contribution to this progress is valued.

Thank you for your consideration.

Sincerely,
