1300 Campus Way South
Mitchellville

BACKGROUND:

In partnership with the Prince George's Chamber of Commerce, Prince George's County Public Schools is hosting its Annual Principal For a Day program in schools throughout the county. Nearly 100 business, government, and community leaders are expected to participate, shadowing principals throughout the day to get a view of what a typical school day is like, as well as experience the challenges faced in public education.

Participants were able to select the school of their choice, and will join the school's principal for the entire school day, assisting and observing in student activities, special events, and daily routines. At the end of their day, participants will join together for a reception at the Westin Hostel & Resort to share their experiences with peers and be recognized for their partnership in the education of public school children in Prince George's County.

Participant list is attached. Business and community members can register to participate online until February 16. Visit www1.pgcps.org/principalforaday/ for information and to register.
