Assistant Principal

Dear Parent/Guardian:

The Prince George’s County Public Schools (PGCPS) will be administering Formative Assessment System Tests in Reading and Math for grades 3 through 8 and Science Formative Assessment System Tests in Grades 5 and 8 beginning January 5, 2012. The tests will measure what has been taught in reading, math and science so far this school year in each tested grade. They will also provide teachers with information to assist in instructional planning for the year. These tests will also assist in preparing our students to take the Maryland School Assessment (MSA) in March.

Next week’s testing will last approximately two hours for each of the tested subjects, spread over two sessions. We will test Tuesday, January 10 through Thursday, January 12, 2012

Please avoid appointments that may take your child out of school during this time period. You can help your child by ensuring that he or she is physically and mentally prepared. Make sure your child has a good night’s rest and a healthy breakfast. Help your child to have a positive attitude toward testing!

If you have any questions concerning the scheduling of these tests, please contact your child’s school.

Sincerely,

Mrs. Danielle Moore
Principal
