Greetings KES Families!

We hope your family is enjoying summer and had plenty of time to relax, rejuvenate, and make lasting memories. The staff of Kenilworth Elementary School (KES) welcomes you to school year 2019-2020!

This school year, we’re looking forward to the implementation of Positive Behavior Interventions and Supports (PBIS) - A program which offers rewards and incentives for demonstrating PAWS throughout the school day, TAG in the Regular Classroom (TRC) - A program for students identified as TAG and TAG-a-Long to receive accelerated and enrichment opportunities, a brand new Sensory Room for our students with Autism and various sensory needs, and a brand new STEM lab for 4th and 5th grade students. Moreover, students in grades 2-5 will continue to have a chromebook assigned to them for use throughout the school day and students in grades K and 1 will have access to an Interactive White Board.

At Kenilworth, “We are PAWsitively motivated for success!” This means that we Practice Safety, Act Responsibly, Work Towards Success, and Show Respect. These PAWs attributes are the foundation of our PBIS program and will be instilled in each child in every aspect of the school day. We will ask our parents to partner with us in reinforcing these core values of KES.

Home-School partnerships are vital to the success of preparing our students for college and career readiness. It is important to me that you know how valuable you are to the educational process. Without your love and support, we would not be able to fulfill our duties as educators. As you ensure your child comes to school each day ready to learn, please know that you are always welcome to visit our school, whether it’s to volunteer or gain a better understanding of what your child is learning. After all, KES is a home away from home, and every home needs a parent!
