The Board of Education of Prince George’s County believes that all of its employees have the right and obligation to be informed and active citizens. The Board, therefore, guarantees to all of its employees full equality with other citizens in the exercise of their political rights and responsibilities, including such rights as voting, discussing political issues, campaigning for candidates, and running for and serving in public office.

The Board of Education, however, wishes to stress that it, and the public schools, serve all segments of the community without reference to political affiliation. The Board feels strongly that its employees have a responsibility to refrain from involvement in political activities during the working day and in the school setting. At no time is the pupil in the public school to be regarded or used as a forum by an individual for political activity.

The Board of Education believes that a prerequisite to a high quality in education is the acceptance by the community and by governing bodies of their responsibilities in recognizing the political and professional status and rights of all citizens and in the interest of encouraging political involvement of qualified employees, guarantees that in the event of election to public office, the employee will not incur loss of tenure or retirement benefits within the framework of state legislation.
