Policy No.

BOARD OF EDUCATION POLICY

STUDENTS

ELEMENTARY AND SECONDARY

School-Based Fund Raising.

An activity program is an integral part of the total school experience and should enhance the educational experiences of students.

Should funds from tax sources be inadequate to fund all activity programs of the public schools, we acknowledge the need for fund raising by the local school.

Fund raising projects should be carefully and purposely planned as to be an extension of the student's total educational process.

Fund raising drives sponsored by a school organization should be jointly planned by the students and faculty and must be approved by the principal. Whenever possible, appropriate contacts should be made with community organizations, community schools, and individuals.

The Board of Education directs the Superintendent to implement procedures to comply with this policy.
