Kevin L. Bland, Director

The Barack Obama Before & After School Extended Learning Program (BASELP) is designed to enhance the children's social, cultural, educational, and physical development, as well as meet the needs of parents by offering a safe, accessible, and affordable school-based program before and after school.

Extended Learning Activities

The selected curriculum materials in reading and mathematics to be used after school will augment the regular school program.

A wide range of activities are provided in our program. Children are given opportunities to participate in art and cooking projects, drama and music activities, and play with games and manipulative. Additionally, students can play

sports, group games, computer activities, relax, begin homework assignments, and socialize in an atmosphere that supports their developmental needs. A daily snack is provided.

General Registration

Parent must complete Registration and Terms of Agreement Forms, Health Inventory and Emergency Information Card.

The annual tuition is \$3,000, payable in installments of \$145.00 bi-weekly. We are proud to say this rate is 25% below the area child care market rate. Fees are paid in advance according to a published yearly pay schedule. Department of Social Services vouchers are accepted.
