Dear Parent,

Prince George's County Public Schools (PGCPS) is offering a new online payment portal that will provide a convenient way for parents to pay for school meals using SchoolPaymentSolutions.com. The new online service makes it easy to stay up-to-date with your child's spending, and you can even receive automatic notifications so you don't have to worry about your child's account balance. ***Please note that any balance left in your child's account through PayPAMS from the past school year will automatically transfer to the new system.***

Once you set up an account, you no longer need to send a check with your child, and you can add money to your child's account within seconds. The payment amount and a small transaction fee (\$2.50) are charged to your credit card or bank card account.

Visit www.SchoolPaymentSolutions.com to set up a convenient, online account to pay for your child's school meals. Getting started is easy. First select your state (Maryland) and school district (Prince George's County Public Schools). Then provide the following information:

-  Your child's school
-  Your child's PGCPS student ID number, name, address and birth date
-  An email address for contacting you about your account
-  Payment information (credit card or bank card)

If you have any questions, please visit the PGCPS Food and Nutrition Services website at www1.pgcps.org/foodandnutrition/ or call 301-952-6580.
