The Pride of Arrowhead

STEM Fair 2012

By Victoria Robinson

This year’s Science Fair was a good one. A lot of people participated and did their best. Unfortunately, there could only be three 1st, 2nd and 3rd place winners in each grade 3rd-6th. The 1st place winners will be participating in the County Fair. The winners were: 1st place - Jordan Roach (3rd), Jabari Ford (4th), Jazmin Beard (5th), and Victoria Robinson (6th). 2nd place-Gianni Philips (3rd), Aaron Baltazar (4th), Trinae Blount (5th) and Maiya Williams(6th) and in 3rd place-Lante Evens (3rd), Cierra Ward (4th), Tavonne Lloyd (5th) and Aaron Tucker (6th) GREAT JOB EVERYONE!!

Spotlight On...Zingwa Alem and Raziya Johnson Bowe

By Brandon Joyner/Amani Williams

Zingawa Alem is a first grade student in Ms. Sawyer, Ms. Mullins, and Ms. Lee’s class. She works hard at being good and helping her teacher. She maintains her behavior by thinking about her family which makes her happy. Zingawa’s sister encourages her to work hard. She would like to be an FBI employee because she would like to keep the town safe. If she were to see her classmates doing bad things, she would encourage them and help them to do better.Zingawa always tries hard, even if she gets a bad grade, she doesn’t give up. Raziya Johnson Bowe is a third grade class. She wants to be an artist when she grows up because she likes to draw. Raziya is a good helper/leader in her class. She also works hard to be a good student by finishing all her classwork, homework, studying for tests and working harder on areas she’s having trouble with. If the class is being disruptive Raziya will tell them to stop and be quiet so she won’t get in trouble. Lastly, if Raziya gets her clip moved to a lower grade, she stops what she’s doing to get her clip moved back up.

Kudos

We would like to recognize and congratulate all those students who made it on the Principal’s Honor Roll, Honor Roll, and/or received a Citizenship Award for the second quarter. Keep up the good work!!!
Ingredients:

- 2 cups Original Bisquick mix
- 1 cup milk
- 1 teaspoon vanilla
- 2 eggs
- 1 teaspoon green food color
- 1/2 cup marshmallows from Lucky Charms® cereal

**Whipped cream topping and additional marshmallows can be added if desired.**

The 3 Steps to Make It

1. In large bowl, stir together Bisquick mix, milk, vanilla, eggs and food color with whisk just until blended. Then stir in 1/2 cup marshmallows.
2. Heat griddle or skillet over medium-high heat (375°F). Brush with vegetable oil if necessary (or spray with cooking spray before heating). For each pancake, pour slightly less than 1/4 cup batter onto hot griddle. Cook about 3 minutes or until bubbles form on top and edges are dry. Turn; cook other side until golden brown and set.
3. Top pancakes with whipped cream topping and additional marshmallows.

Health Nugget

To stay healthy and active, go swimming. The exercise is good for your body and it is fun. You can dive, swim, float, and play Marco Polo. You can also go on the water slide if there are some at the pool you are going to go to. Swimming at the pool is a fun and healthy activity.

Who am I?

My favorite colors are purple and blue. My favorite animal is a fish and my favorite movie is Roots. I watch TV and get on Facebook during my free time. The scariest thing that has ever happened to me was when I went to the Haunted House and on the Indiana Jones ride at Disneyland, also when my youngest son got very sick. My fashion sense is casual and comfortable. I enjoy going bowling and cooking. The happiest thing that has ever happened to me was when I gave birth to my children. I have been teaching at Arrowhead for 4.5 years. Teaching is fulfilling. My favorite quote is “When you believe in yourself anything is possible.” WHO AM I?

If you know who I am, write your name, your teacher’s name and answer on a piece of paper and place it in the box next to Ms. Sipe’s office.
