Mission

College Career Research and Development (CCRD) is a school-to-careers program of study designed to assist students to make a smooth transition into the world of work. The major portion of skill development is provided through on-the-job work experiences at job sites in private industry, state, local and Federal government agencies. The in-school component provides a wide range of employability skills training.
College Career Research and Development 1 & 2
The Cooperative Work Study/Work Experience Program
A School-to-Careers Partnership

Patricia S. Brown, Teacher/Coordinator

- Elizabeth City State University
  B.S. in Business Education
- Catholic University & Trinity College
  Classes in Data Processing & Reading
- Bowie State University
  Classes in Administration and Supervision
- University of Maryland, Eastern Shore
  Career Education Certification Classes

Advance Profession Certification
Students must successfully complete the 11th grade class in order to be a member of the 12th grade class. The 12th graders are enrolled into College Career Research and Development-2 and the work component where they report to a job or an internship during the afternoon classes. Students earn work experience and income.
Wanted!!!!

Jobs during the school year for skilled students who have a ½ day schedule for work-study.
(Students can work after 11:00 a.m. each day and weekends.)
