Youth Speaks is an initiative promoting “Youth Empowerment” for Prince George’s County youth. It is designed to promote intergenerational, community-orientated engagement and fellowship, while addressing some of the issues and challenges that our youth face.

The Office of Community Relations is hosting four “focus groups” empowering youth to discuss the various issues and challenges they face.

Youth Speaks will offer a platform to allow youth to speak and be heard!

The focus groups will take place on:

- **Saturday, January 18, 2020**
- **Saturday, March 14, 2020**
- **Saturday, April 18, 2020**
- **Saturday, June 27, 2020**

Student Service Learning hours will be available for each focus group session along with giveaways!
